Accelerate in the Cloud with Logicalis and Microsoft

Do more with less, drive transformation, and take your digital workplace to the next level

Microsoft's suite of enterprise-grade cloud solutions helps teams connect, collaborate, and get work done securely, from anywhere in the world. With Managed Services from Logicalis and Microsoft's industry-leading suite of office applications, you can modernize your workplace, do more with less, and stay adaptable in today's fast-paced digital world.

A Cloud-First Platform for the Modern Enterprise

Microsoft's suite of cloud products include Microsoft 365, Microsoft Security, Dynamics 365, Azure, and more. Whether you choose one solution or all of them, Microsoft's integrated platform of solutions helps enhance productivity and innovation.

Microsoft 365
Work smarter, faster, and more efficiently with Microsoft Word, PowerPoint, Excel, OneNote, and other productivity tools.

Email and Calendar
Connect, stay organized, and manage your time with business-class tools such as Outlook and Exchange.

Meetings and Voice
Collaborate seamlessly with Teams through meetings, chat, content, voice calling, and a host of third-party applications.

Security
Maximize your protection with enterprise-grade licenses, such as E5, for identity and access management, security management, and more.

File and Content
Access files from any device, any time, and create engaging content with solutions such as OneDrive, Stream, Sway, and Visio.

Work Management
Efficiently manage work across the organization, automate processes, and create new ones with Planner, Power Apps, Power Automate, and more.[1]

Help Reduce Costs with Microsoft 365
